CREATING A UNEEKOR ACCOUNT

Opening Uneekor Launcher

Step 1:

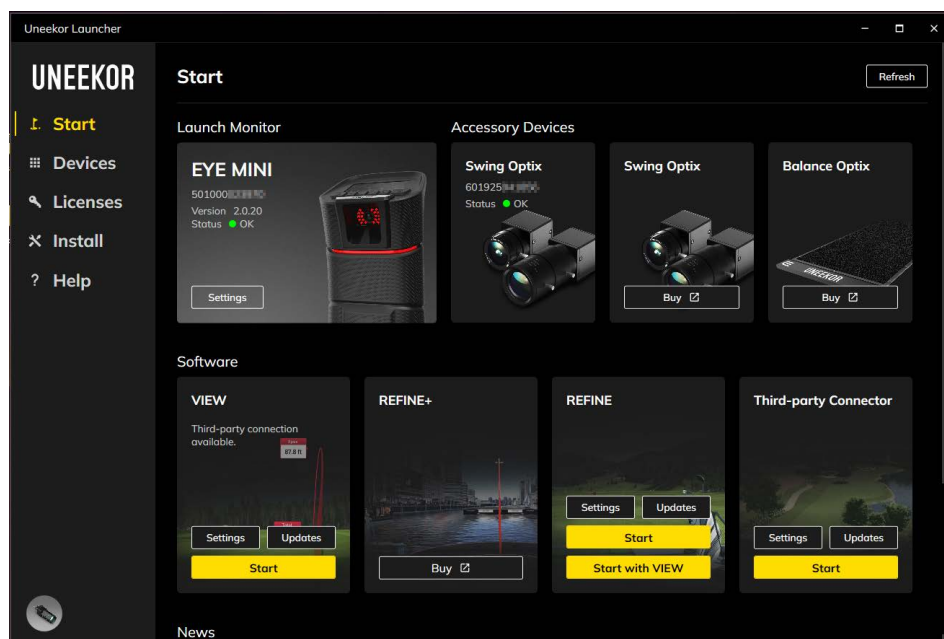

To use the Uneekor Launcher, a Uneekor account will need to be created. Please sign in or create an account using the link on the bottom of the form or using the link [here](#)

Step 2:

Once an account has been created and signed in, you are free to use all the features the launcher offers

*note: Once an account has been signed in, the account will be remembered until signed out

START

The Start tab of the Uneekor Launcher is your home base for everything Uneekor

The Start tab is separated into 4 different sections: Launch Monitor, Accessory Devices, Software and News

Launch Monitor

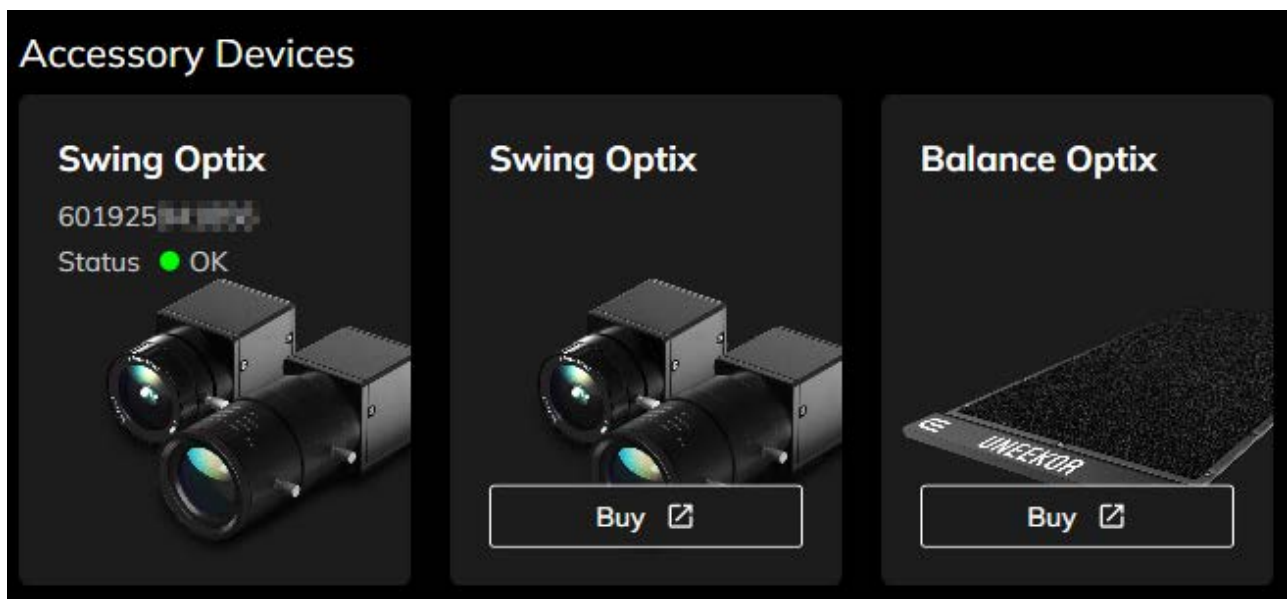

Find information and settings about your connected launch monitor. In this section, you will see: Launch Monitor Type, serial number, update(DLL) versions, and the ability to adjust the system altitude under settings

Accessory Devices

See information related to your Uneekor Accessories including Swing Optix and Balance Optix

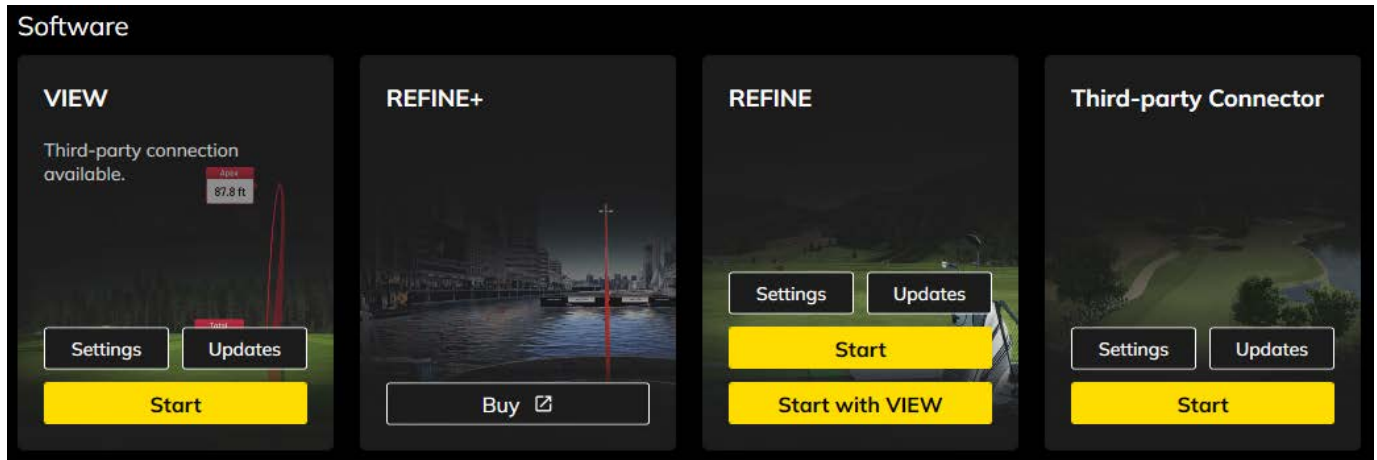

In this section, you will see you connected accessories, their serial number, and links to purchase new accessories

START

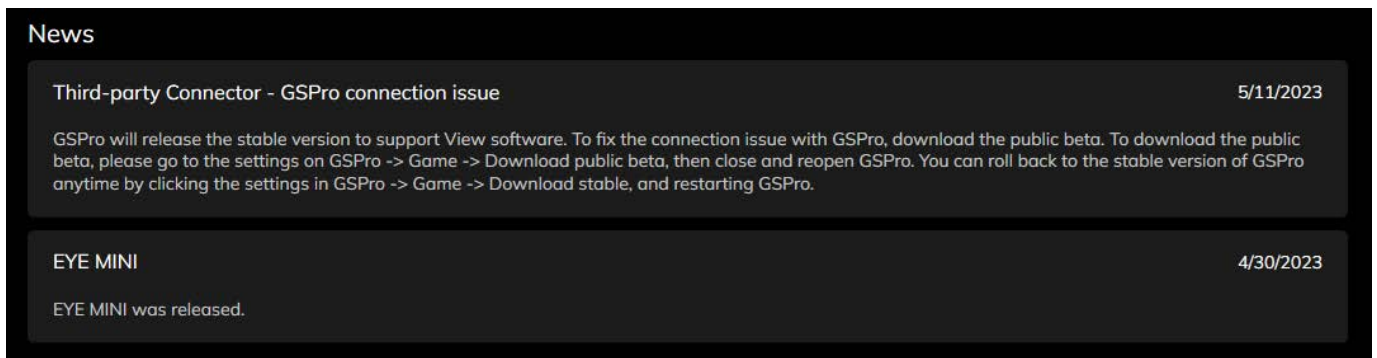

Software

In this section, you will be able to see your Uneekor software listed for you with the ability to start Uneekor and third-party software directly from the application.

News

Here, you will find news about any updates to your Uneekor products.

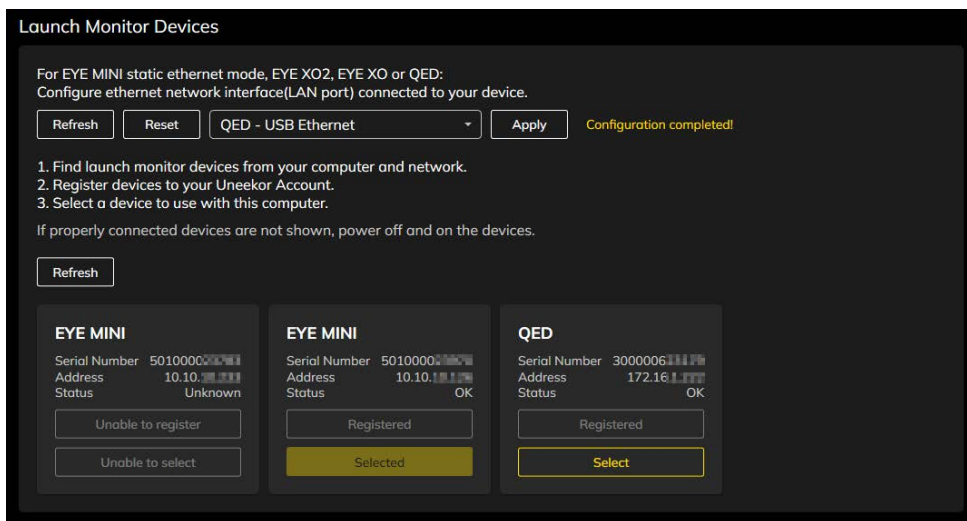

DEVICES

In the device tab, you will be able to see launch monitors and accessories that are connected to the PC as well as the ability to register the hardware to your account.

Launch Monitor Devices

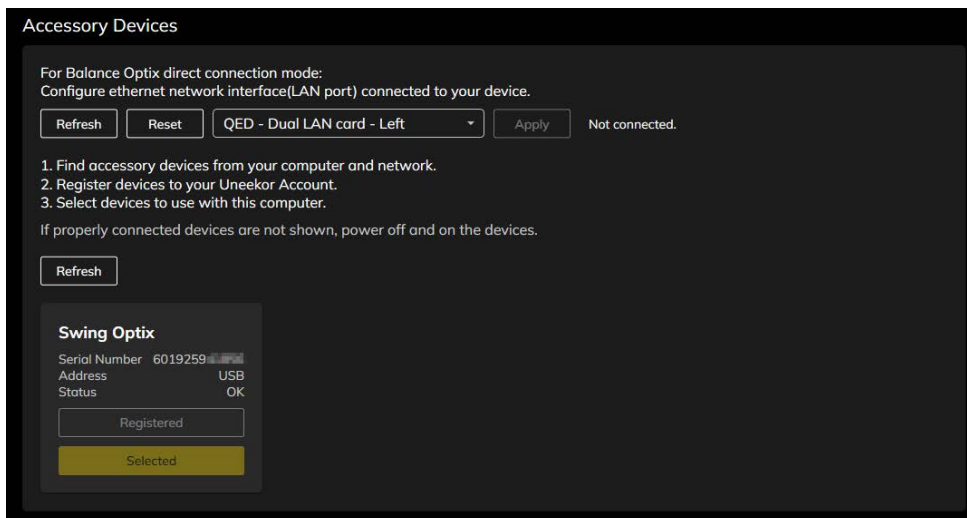

See a list of connected devices, selected your network interface and register the product with Uneekor

Accessory Devices

See a list of Uneekor accessories that are connected to your PC. From that list, you will be able to select your network interface for Balance Optix and register your Accessory with Uneekor.

*Register your product before use to ensure the accessory will be available to use in the launcher

LICENSES

In the licenses tab, you will be able to see your PC name, register a new license to your account and select what licenses to use with your PC

Computer Name

Here, you will see the name of the PC

Computer name

YOGA_C740

Register License Keys

Add new license keys to add to your account

Register license keys

Register new license keys to your Uneekor Account.

Register

Select License Keys

Here, you will see a list of license keys that are available to be activated on the current PC

Select License Keys

Select license keys to activate for this computer.
Each license key can be activated for only one computer at the same time.
To select license keys tied to current launch monitor device, click "Select keys for current device" button.

In the Install tab, you will see all our hardware products with an interactive step-by-step guide for each product.

Install Wizard

Selected your product and click the continue button to open the interactive installation guide

HELP

Help

In the Help Tab, you will find links to our Support page, Resources page and FAQ page. You also can submit feedback to the company.

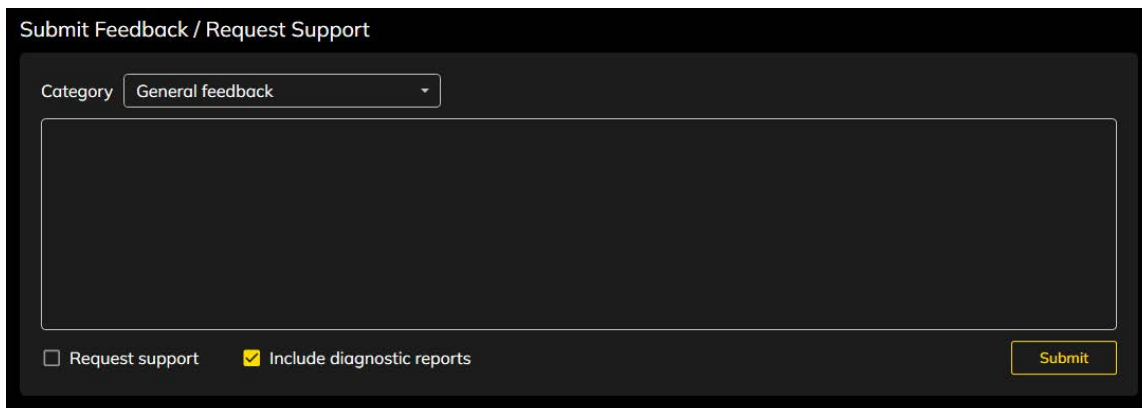

Help

Links to Support, Resources, and FAQ

Submit Feedback

Found an issue or have a concern? Submit feedback or feature requests directly to Uneekor

A screenshot of a dark-themed form titled "Submit Feedback / Request Support" in white text. The form contains a "Category" dropdown menu with "General feedback" selected. Below the dropdown is a large, empty text input area. At the bottom of the form, there are two checkboxes: "Request support" (unchecked) and "Include diagnostic reports" (checked). A yellow "Submit" button is located at the bottom right of the form.
